

wegamed GmbH expandes

We offer
self-employed sales agents
(out of the medical/technical sector)

new career perspectives. We restructure our field service and are therefore searching for reinforcements in all countries except for Italy.

Our company profile

Wegamed GmbH presents and develops diagnostic and therapeutic concepts to be used without contraindications in the medical practice. These devices for diagnosis and therapy are distributed worldwide and continuously improved. Service and production are affected in Germany.

The wegamed academy embodies research, information and education. Here scientists and therapists work hand in hand. Users learn methods and application of the used devices, customers and specialists can be trained in new concepts and fields of application.

You fit in our team if...

- you are experienced in selling and ready for further training.
- you are familiar with the medical/naturopathic or fitness/wellness sector and if you think and act entrepreneurial.
- you search for a new perspective. Your commitment is deciding.
- you can present sales successes and convince us with your positive attitude
- A detailed profile with tasks and responsibilities can be found on the bottom.

We offer:

With intensive training we prepare you for our products and company. You work closely with our indoor service and receive plenty of support in the treatment of orders. In addition you receive medical and technical support for special requests of customers. Payment is based on very attractive provision and directly negotiated with the management.

Your application:

Please write us why you should be the perfect addition.
